Training and Placement Cell

Training and placement are an essential part of a developed and competitive institution, which is accepted as the most important department of the institute of Pharmacy. The Training and Placement Cell is a team of committed experts who always come forward to offer invaluable suggestions for the betterment of students. The training and placement cell of the college is well equipped with industries. It regularly seeks guidance from the industry and ensures the expected polishing of students so that they can perform well in their professional careers. Active Placement Cell formulates a strategy for its students for training and placement with the primary objective of finding suitable and attractive jobs in reputed companies. The placement cell has an excellent placement record and most students begin their careers before completing their graduation or diploma.

The placement cell aims at planning, drafting and implementing the day to day activities of training and placement of students. This makes them part of the procedural set up, which goes a long way in building their responsible character and helps them become good planners, confident people, promising leaders and better human beings. The placement cell will provide the best students the opportunity to pursue a career in the pharmaceutical industry. It is our responsibility to train students for preparation of interviews with multi-national pharmaceutical companies.

T & P Cell is continuously involved in various pre placement activities such as:

- Skill enhancement workshop
- Resume writing and interview skills session
- Conducting interviews by industrial and academic experts

The placement cell aims to provide all students with well-recognized industries, appropriate hospitals and educational institutions located at various locations in India. Training and Placement Cell in compliance to the employee rules & regulations, with the following members
